ARTWORK WITH BORDERS

Minimum border thickness must be 1/4 (0.25") thick plus the 1/8 (0.125") bleed for correct print ready artwork. Total border size from the bleed line is 3/8 (0.375"). Border example on the left.

8' x 3' Banner

Artwork that reaches the cutline needs to extend to the edge of the **red line**.

cut line -

bleed -

This is where your artwork will be trimmed. (Finished size ordered)

All text must be kept within the blue line

Please create and submit your file at 1200dpi. 1' = 1" in dimension

Please delete this guideline before submitting your design to print.
